Location

Hotel is located at Kalamaki village and is 4 kilometers west of the city of Chania. The area has good connections with Chania, by regular bus itineraries, every 15 minutes. You can also take a taxi, use your own car or rent a car or motorcycle.

The large, sandy beach of Kalamaki, ideal for families with young children, is only 100 meters away from the hotel's entrance, and a small port for small vessels, where you can also swim, is in front of the hotel's facilities.

4 kilometers west of the hotel, the seaside settlement of Agia Marina, has stores where you can rent or buy equipment for sea sports, and a little further on, Platanias, well-known among young people, offers wild fun with its night clubs until the morning light.

The prefecture of Chania has shores stretching over 250 kilometers. In its wonderful coasts, with the crystal clear waters, the golden sand alternates with imposing rocks, ideal for sea sports, also favored by the summer etesian winds blowing in the area. The area's popular beaches are well-organized, for swimming and sunbathing, with armchairs, umbrellas, sea sports equipment etc. as well as hotels, restaurants, taverns, cafes, bars etc.
